

Practica 3 - Robot Framework

Ruta de GIT del Proyecto:

<https://github.com/AlejandroDev77/practica-3-robot-framework>

Estructura del Proyecto:

El proyecto esta dividido en las carpetas recomendadas:

- tests/: Archivos .robot con los Test Cases.
- keywords/: Keywords personalizados (ej. Abrir Navegador, Tomar Captura).
- variables/: Variables globales (URL, BROWSER).
- screenshots/: Salida de las capturas de imagen.
- reports/: Resultados log.html y output.xml.

Ejercicio 2 - Login Incorrecto

Explicacion: Inicio de sesion automatizado con datos falsos.

Validaciones implementadas:

- 1) Element Text Should Be (css:.login-form h2) -> 'Login to your account'
- 2) Element Text Should Be (xpath://form/p) -> 'Your email or password is incorrect!'

The screenshot displays a web application interface. At the top, there is a navigation bar with links: Home, Products, Cart, Signup / Login, Test Cases, and API Testing. Below the navigation bar, the main content area is divided into two sections: 'Login to your account' and 'New User Signup!'. The 'Login to your account' section contains a form with a text input field containing 'correo_falso_123@invalid.com', a password input field with a masked password, and a 'Login' button. A message 'Your email or password is incorrect!' is displayed below the form. The 'New User Signup!' section contains a form with a 'Name' input field, an 'Email Address' input field, and a 'Signup' button. At the bottom of the page, there is a 'SUBSCRIPTION' section with a text input field for 'Your email address' and a 'Subscribe' button. The page also features a footer with a message: 'Get the most recent updates from our site and be updated your self...'.

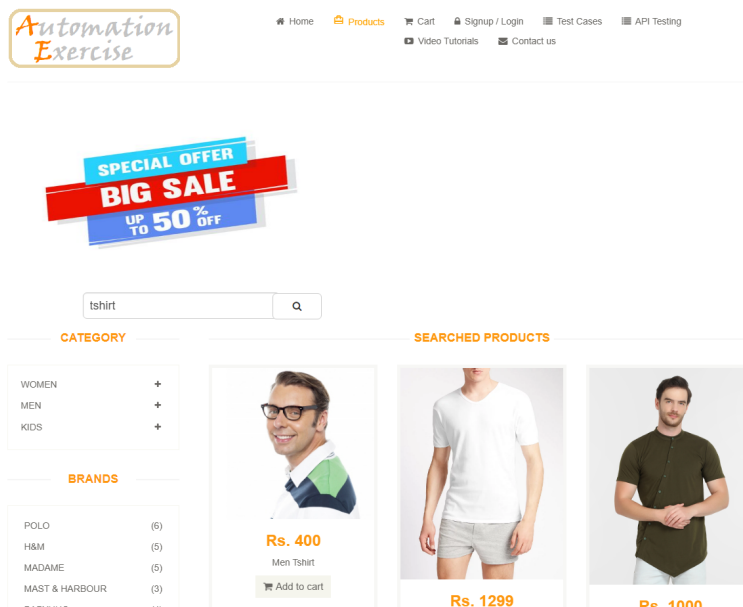

Practica 3 - Robot Framework

Ejercicio 3 - Búsqueda de Productos

Explicacion: Búsqueda del termino 'tshirt' usando Keywords.

Validaciones implementadas:

- 1) Element Should Contain -> 'ALL PRODUCTS'
- 2) Element Should Contain -> 'SEARCHED PRODUCTS'

Practica 3 - Robot Framework

Ejercicio 6 - Suscripcion

Explicacion: Scroll hacia el final de la pagina y suscripcion.

Validaciones implementadas:

- 1) Element Should Contain -> 'SUBSCRIPTION'
- 2) Element Should Contain -> 'You have been successfully subscribed!'
